Traffic Congestion Relief Program

Ref: **TRAFFIC CONGESTION RELIEF (TCR) PROGRAM PENDING ALLOCATIONS**

BACKGROUND:

The adopted Fiscal Year (FY) 2003-04 budget provided \$189,000,000 in new revenue to be added with existing funds for Traffic Congestion Relief Program (TCRP) projects. As reported at the special meeting of the California Transportation Commission (Commission) on November 24, 2003, the cash-flow forecast based on the October 2003 TCR Progress Report indicates that implementing agency expenditures would leave a balance of \$74,000,000 at the end of FY 2003-04. Due to the uncertainty of TCR funding for FY 2004-05, the California Department of Transportation (Department) recommended that the Commission refrain from making new allocations of TCR funds.

On November 24, 2003, Governor Schwarzenegger identified a number of current year budget reductions to be considered by the California legislature. On December 2, 2003, the Mid Year Spending Reduction Proposals for FY 2003-04 was released. The Proposals include the transfer of \$189,000,000 from the TCR Fund to the General Fund, the elimination of TCR project definitions from statutes, and the rescission of all allocations and approvals for AB 1335 TCRP Letter of No Prejudice.

To date, the Legislature has not taken action to approve this proposal. However, the deficit in the State's General Fund continues to impact the TCR Program. The Governor will release his proposed budget for FY 2004-05 in early January 2004. The budget proposal will address funding of TCR projects for FY 2004-05 and provide additional information to assess future funding for the TCR Program.

In the meantime, implementing agencies continue to submit allocation requests for phases of work that are ready to begin. The following list identifies those pending allocation requests which have been deferred. Except for those allocation requests subject to application approval, the following projects are consistent with the approved application, have met any applicable conditions set by Commission, and the implementing agency is ready to proceed.

The following 15 project allocation requests totaling \$155,733,000 were listed under Tab 23 (Reference Item 4.3b) of the December 2003 Commission meeting materials. No projects have been added to the pending allocation list:
